

CALCILIT® ECO G
100 % Pre-Consumer recycled content

Newest certified product line of environmental claim validation procedure (ECVP)

Our latest **ECVP-certified** product line of fine-particle fillers made from high-purity white, natural calcium carbonate, which is produced in several stages using a special process. **CALCILIT® ECO G** takes up the idea of conserving resources by using 100 % pre-consumer recycled content and is characterized by a high degree of whiteness, uniform granulometry and a clean cut. The low blue-yellow value results in high colour neutrality.
